

Class Newsletter Year 4

Autumn Term 2016

Welcome to Year 4 Autumn term. This newsletter gives an outline of subjects we will be studying in Year 4 during the term. It also lists any forthcoming events.

Context for learning

This term we will be exploring the Romans and Celts, combining History, Literacy, Art and ICT. There are two main strands to this topic: What did the Romans do for us and were the Celts really so cut-throat?! We are looking forward to a visit from a theatre company, and a trip to Lullingstone Roman Villa on 3rd October (4HC,4GS) and 12th October (4PB, 4CO) where we will experience what life was like in Roman London. Trip details to follow shortly.

RE

In RE, we are learning about Jewish beliefs and focussing on understanding the importance of the Jewish day of rest-Shabbat.

Swimming

Swimming will take place on Mondays for 4PB and 4CO and Tuesdays for 4HC and 4GS. Please ensure your child has the correct kit, including a swimming hat.

Drumming

The children's music curriculum in Year 4 will be covered through drumming lessons every Wednesday. You will be invited to performances. through the year.

Tuesday 11th October—Dads' Breakfast

Literacy

Literacy learning will be based around high quality texts, which allow the children to practise writing in a variety of styles including narrative, poetry, description, debate, newspaper reports and diary entries. We continue to develop the children's phonics, spelling, handwriting, punctuation, grammar and speaking and listening skills. Drama also plays an important role in year 4 literacy.

Maths

In Maths, we will further extend the children's knowledge of place value, handling data and measures, calculating using the 4 operations, as well as problem solving. In addition, we will be building on the children's recall of times tables and related number facts.

Science

Our first Science topic this year is Electricity. We will be learning about simple circuits, the dangers of electricity and linking this to our DT project—making torches. After half term, our topic will be States of Matter where the children will explore solids, liquids and gases.

IMPORTANT INFORMATION

Outdoor PE takes place on Wednesdays (4GS, 4HC) and Fridays (4CO, 4PB). Your child needs to wear a white round neck t-shirt, navy blue tracksuit bottoms and trainers. PE kits should be left in school to ensure your child is always prepared for lessons. Please could girls with long hair tie it up on P.E. days.

Home Learning:

The support you give at home makes a huge difference to your child's achievements at school.

Reading

Children are expected to read with an adult every day and complete a journal activity once a week. Your child's journal will be checked once a week. They must return one school book before taking another.

Homework

As well as reading, we will set maths homework from Mathletics on Fridays.

Alleraies

Please be aware that many children in the school have severe allergies and therefore we are a nut-free school.

Dates for your diary:

Friday 16th September—4HC,4GS Parent Meeting (in 4HC)
Monday 19th September -4PB, 4COParent Meeting (in 4CO)
Monday 3rd October—Lullingstone Villa trip (4HC 4GS)
