

Eliot Bank School 2017-2018 Physical Education and Sports Grant Funding

PE Grant Funding for 2017 - 2018

Total Number of Pupils on Roll	494
Total Number of Pupils Eligible for PE Sports Grant	459
Total Amount of PE Sports Grant	£20,060

Record and Impact of Spending for 2017- 2018 PE Sport Grant

Objective	Impact	Cost
Improve Quality First Teaching of PE	<p>We have continued to employ specialist PE company Teachsport and Independent consultant Glen Burt to deliver high quality school curriculum PE. The funding has enabled us to support teachers through team teaching with these specialists to deliver PE, Gymnastics and Dance. The funding enabled the professional development opportunities for teachers and to improve the skills in PE, Gymnastics and Dance in the following ways:</p> <ul style="list-style-type: none"> • Specialists team teaching with teachers • Staff INSET and training with these specialists • Focused teaching of groups in PE. The teachers at Eliot Bank worked alongside the coaches. We provided staff meetings for teachers to further develop their understanding with our providers. <p>As a result of the employment of Teachsport and Glen Burt, CPD opportunities for staff have been plentiful and competence in delivering Quality First Teaching of PE has increased in the school. Because of this, a higher % of pupils achieved key skills in PE, dance and gymnastics. 2016-17: 77% vs. 2017-18: 86%</p>	£13170
Increase the number of opportunities for children to be involved in competitive sports	<p>Through our links with Lewisham sports coaches we have joined other local schools in a series of Lewisham Sports Festivals. This year, we participated in an all-inclusive multi-skills competition to enable even more children to experience the fun of competitive sport. Our swimming team took part in local swimming gala – one of our year 6 girls finished first in her category!</p> <p>We held three separate annual Sports Days for each Key Stage: an Early Years Sports Day, as well as a KS1 and KS2 event. We had a boys' and girls' football team who participated in the Lewisham Football League in Blackheath on Saturdays. We took part in three inter/intra school competitions, with every child in school taking part in speed bounce, skipping and chest push. Speed bounce requires the children to jump side to side with feet together over an obstacle as many times as they can in two minutes. The skipping task measures the number of skips in the same time. For chest push, the children push a ball away from their chest and the distance it travels until it first bounces is measured.</p> <p>Through our links with Lewisham sports coaches we have joined other local schools in a series of Lewisham Sports Festivals. These provided regular opportunities for high quality inter-school competitions in a range of areas, from basketball to inclusive multi-skills.</p> <p>As a result of our on-going partnerships, links with other organisations have been further established and children have benefitted from this through inter-school competitions. Because of this, more children are participating in tournaments, developing attributes such as ambition and learning how to win/lose graciously. 459 pupils involved in inter-/intra-school competitions; and approx. 60 pupils, from across the school, attended a range of festivals across the borough. This participation and our successes were celebrated with the whole-school in assemblies and in whole-school newsletters.</p>	£5690
Raise the profile of	Eliot Bank enjoyed a fantastic 'Get Out and Get Active' week in June 2018. We were very fortunate to have professional coaches working	£1200

<p>PE and the importance of health and wellbeing through Curriculum Week focus</p>	<p>with the children for Tennis, Taekwondo, Boxing Circuits, Yoga, Mini Athletics and many more. Visitors included GB gymnast, Steve Frew, and representatives from Millwall and Crystal Palace FC. We learned about healthy eating, as well as hydration, and many children have already adopted a healthier lifestyle, ensuring that they eat and drink the right things. We ended the week learning a new Wake and Shake dance and we are very excited to introduce it to you in September. The children enjoyed the Daily Mile, a national initiative to improve the fitness of children. From September, running a mile will now become part of our daily routine as we look to adopt this initiative. Pupils responded positively to the week: <i>"I really enjoyed boxing circuits with the coach. It was something I haven't tried before. It was great!"</i> (Year 4 child) / <i>"Our favourite parts were Mini Athletics and the gymnast."</i> (Reception child) / <i>"I've really liked the boxing because I've learnt how to do something I haven't done before."</i> (Year 6 child) For more information about the event, please refer to to PE and Curriculum Week special-edition newsletter http://eliotbank.lewisham.sch.uk/wp-content/uploads/2018/07/Special-Edition-Newsletter-PE-and-Curr-Week.pdf</p> <p>As a result of our focus for Curriculum Week 2018, we raised the profile of PE and the importance of health and wellbeing in the school community. Positive feedback was received from pupils and parents alike. In their learning throughout the week, pupils demonstrated their understanding of the importance of a healthy lifestyle, including the effect of exercise and diet on the body and the mind. They enjoyed opportunities to try new sports and, along with teaching staff, embraced The Daily Mile – which will become a permanent fixture from September 2018 onwards.</p>	<p>+ contribution from EBSA.</p>
<p>Review the impact that the funding has had on other factors</p> <p>Inspectors also take account of the following factor: The greater awareness amongst pupils about the dangers obesity, smoking and other such activities that undermine pupils' health.</p>	<p>At Eliot Bank Primary School we value the importance that PE plays in our children's lives; success is celebrated at every opportunity, from children making progress in a class to teams winning at a tournament. As well as providing varied PE lessons, we also offer children the opportunity to participate in sporting events and festivals which would otherwise be unavailable to them. Children are encouraged to reflect on next steps for improvement and good practice both in themselves and others, giving suggestions on how to move forwards. Teachers always model a positive attitude to health and wellbeing and during PE lessons children are encouraged to think about the importance of keeping healthy. At the 'Get Active' lunch time club, children develop an understanding of the importance of keeping fit and a healthy and balanced diet. This will establish good habits that will benefit the children in future. PPG funding is used to subsidise club costs for disadvantaged pupils.</p>
