

Hi Year 1,

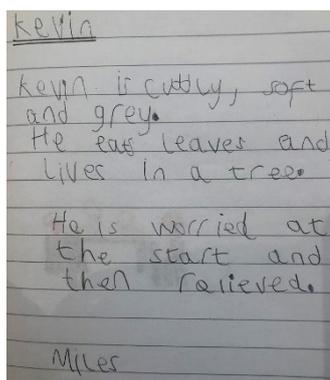

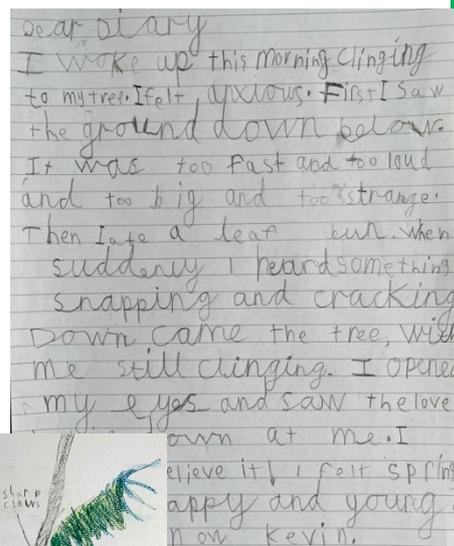

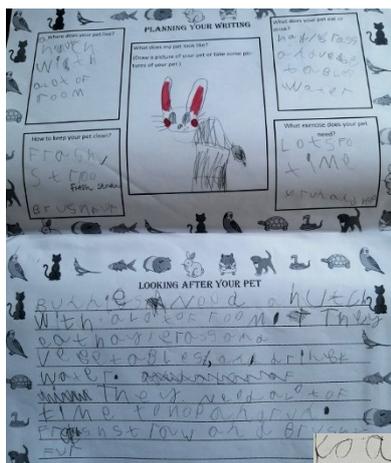

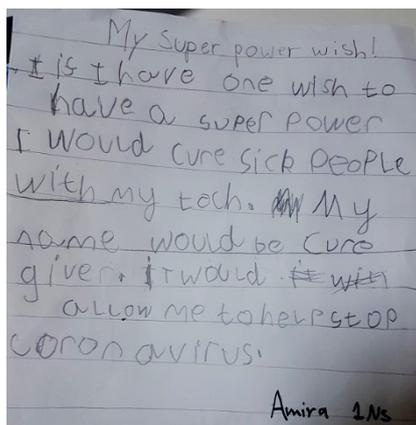

It's us again! How are you? We've had some good sunny days this week, haven't we? Have you done anything new this week that was different to before? Mrs Sood visited one of her friends after a very long time which was lovely and Ms Addelsee has been back at school with her Key Worker Bubble which has been lots of fun!

We hope all the home learning and lesson videos are keeping you nice and busy. You now have 'Take one picture' art projects to do and some White Rose Maths on the website you could try. Have a go and let us know what you think of them.

When you get this letter some of you will be returning to school in small groups (bubbles). We really look forward to seeing you and sharing our experiences with each other. Things will slowly be getting back to normal. So, this week Ms Addelsee and I thought we would show you all some of the amazing home learning you've been doing and sending to us. We are really proud of all the work you've been putting in.

### Year 1NS and a message from Mrs Sood

A huge thank you for the video messages. Also I received some lovely messages written by you letting me know how you've been keeping yourselves busy. They were lovely and heart

some writing

warming. The following are of the English homework.

You really worked hard in Science and I could see some of your creativity coming through. It was amazing to see.

Some of your awesome Geography learning and your map work.

Some of your lovely art work.

This is just a snap shot of all the work you sent in. Thank you so much for doing that. I am so proud of all your hard work. Keep it up! I especially loved seeing your pictures and your beautiful smiling faces.

Remember to keep smiling even when things get hard.

Take care and be kind to your grown ups.

Love, Mrs Sood

## Year 1SA and a message from Ms Addelsee

Thank you SO much for all your photos, videos and messages, 1SA. I've loved looking at each and every one of them and they really brighten my day. I'm so proud of all the hard work you've been doing at home - here are just some photos of what you've been doing:

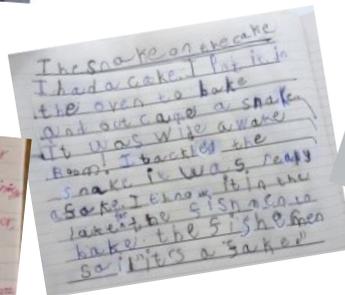

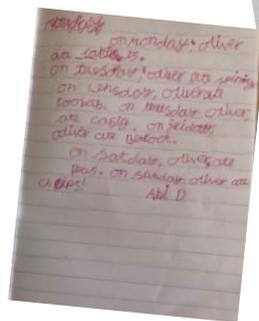

You've been doing lots of Science and learning about different types of plants.

There's been lots of digging and planting going on!

Have a look at all this amazing writing:

You've been writing fact files, stories, labelling diagrams and even writing poetry!

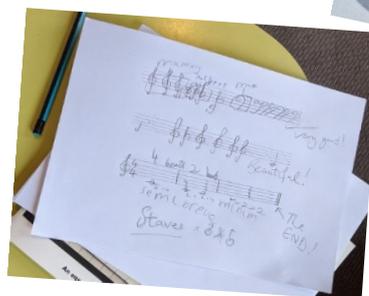

You've been learning about lots of different countries and the animals that live in them:

Lots and LOTS of amazing art and craft:

And even writing music, baking and making fruit salad!

It's been so much fun seeing what you've all been doing. Please do keep sending your photos in - Mrs Sood and I love seeing your work.

I'm looking forward to being able to wave to some of you from my bubble next week and seeing how much you've grown (and how long your hair is!!). Keep safe, stay curious and I'll speak to you soon,

Ms Addelsee
