PE Sports Grant Funding Report for 2020 – 2021

PE Grant Funding for 2020 – 2021

Total Number of Pupils on Roll	435 <i>(Spring Census 2020)</i>
Total Number of Pupils Eligible for PE Sports Grant	347
Total Amount of PE Sports Grant Received	£19,470

Objective of PE Grant Spending 2020 - 2021

To effectively use the PE Sports Grant to raise the profile and outcomes for children in PE, Sport and physical activity across the school.

Objective	Impact	Cost
<p>Wider Role Of School Sport</p>	<p>We were able to buy new equipment for school to enhance in-school PE lessons as well as to use for our new games and activities set up by the coach and carried out by TAs during playtimes and lunchtimes. As a result of purchasing new equipment, pupils are more active during their playtimes in the playground and have taken responsibility to look after and tidy away their resources after using them. The new equipment was also used for sports days which took place in the summer term (see below).</p> <p>All pupils across the school take part in the Daily Mile. They jog around the playground following the ground markings. Class teachers take their class out at different times during the week. The children always feel re-energized and ready to carry on with their day. The mile that each class has completed throughout the week is recorded as a tally and counted up at the end of the week and shared with children and parents on the weekly school newsletter. As a result of children participating in the Daily Mile on a regular basis, pupils are able to concentrate more in class and have a positive attitude towards the wellbeing of their bodies and minds.</p> <p>PE has a high profile in Eliot Bank School; success is celebrated at every opportunity, from children making progress in a class to teams winning at a tournament. Children are encouraged to reflect on their own steps for improvement and to look out for good practice in others and comment on it and ways forward to improve. Teachers always exhibit and model a positive attitude to health and wellbeing and during PE lesson, especially the warm up, children are encouraged to think about the importance of keeping healthy. As a result of this positive attitude towards wellbeing, children and teachers are more aware of how PE can help them with both their physical health and they mental health.</p> <p>We have an active School Council in school who work on awareness of factors such as healthy living and looking after our bodies.</p> <p>We have also created a new 'Arts council' who are a group of children that meet to discuss the arts including PE and come up with ideas on how we can develop our curriculum further. They will also begin to help with regular responsibilities such as wake and shake practice, monitoring of resources and ensuring the school equipment is looked after and promoting school clubs.</p> <p>Whilst it has been difficult to offer our usual range of clubs, as soon as restrictions started to ease, we reintroduced tag rugby and multi skills .We look forward to starting all of our clubs again next year.</p>	<p>£545</p>

Objective	Impact	Cost
<p>Emphasis On InterSchool/ Intra-School Competition</p>	<p>We continue to be a member of the sports family run by Dave McClaren and Graham Curtis and until we can once again attend tournaments outside school we will be involved in the intra- to inter-sports challenges that they set us. Our family of schools ran an intra to inter competition each term. The children completed a speed bounce and skipping challenge within school and each class took part. Children were encouraged to learn a new skill. The scores were recorded and a boy winner and a girl winner was selected from each year group. These achievements were celebrated in the school newsletter and the children were given certificates. We then recorded timed results and celebrated successes within school. These results were sent off to Graham Curtis who compared our results with results from schools within our family and he gave out certificates to the overall winners.</p> <p>Some of the work we normally take part in with Dave McLaren and Graham Curtis has had to be put on hold with plans to resume once Government guidelines allowed us. Usually, we take part in a yearly range of tournaments organised by them, which we know builds the children’s confidence and enthusiasm for competitive sport. The children at Eliot Bank are enthusiastic about being involved in tournaments. Historically, we take every opportunity to attend tournaments and festivals at other schools. Through our links with Lewisham sports coaches, we have joined other local schools in a series of Lewisham Sports Festivals. These provided regular opportunities for high quality inter school competitions in a range of areas, from basketball to inclusive multi - skills.</p> <p>Usually our swimming team take part in local swimming Galas. This unfortunately could not happen due to COVID but we hope to continue this next year.</p>	<p>Inter School Coordinator £ N/A</p>
<p>Participation and success in competitive school sports</p>	<p>In the summer term we held a sports day for each year group in school. This was a fantastic event which motivated the children at the end of the year. They participated in different activities through a rotation system including throwing, catching, aiming and team games. They have raced against other children in their class. The parents could not attend this year due to coronavirus, however we produced a detailed newsletter of celebration including photos, quotes from the children and information about the activities and races that took place that day. Each phase also had a dedicated video of the children in those year groups uploaded as private on you tube so the parents could see their children in action. As a result of the sports day happening, pupils developed their team work skills and confidence in participating in competitive events.</p>	

Please Note: This is a working document and may be subject to additions and revisions as we develop and further improve our practice.

B/F Balance of PE Grant 2020/21 to the academic year 2021/22: £235
